A garrison court held a session last Monday night at the armory, consisting of Major H. M. Lund, Private A. Wardrop of Company A being the only candidate, being tried for absence from drill.

The members of the guard will give another ball in the near future, as the success attained at the last proves that the guard is on a much firmer basis and higher elevation than ever before in its history.

Company A held its regular monthly inspection and drill last Monday night, with a full attendance. The company was inspected by Captain L. E. Gilbert. Being visitors' night, quite a number were present.

Deafness Cannot Be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O.

The Four Ugliest Beasts.

(Pearson's Weekly.)

There are four beasts in the world that can give long odds in the way of ugliness to anything else that lives.

One of them is a monkey, a grotesque-looking animal called the hearseyaki. This is an utterly grotesque beast that it would scarcely be safe to let a child or nervous person see it. The ugliness is not of an amusing kind, but of an evil, sinister nature. The beast has a sort of beard and a countenance unlike anything else in shape and form. The monkey is not particularly savage, but is so hideous that the natives of its country, South America, say that no beast of prey, however hungry, will tackle it. Even a hungry jaguar will starve in a cageful of such.

Such there is a tree-climbing bear that is as queer a description as one could hope to see. It has a sharp face and long, pointed fingers, and is called the agavey from its cry. This looks like one of the most appalling of all those strange beasts one sees in nightmares and cannot get away from; but like the lion, it is of a gentle disposition. It lives in South Africa. A full-grown agavey looks like a blend of jackal, pig and monkey.

Then there is the Tasmanian devil of the antipodes, which is as savage as it is ugly, and, lastly, the species of Adiantum rat called the blind.

Yes, try it.

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cts., 50 cts. and \$1.00, does not cure, take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price, 25 cts. and 50 cts. For sale at Z. C. M. L. Drug Dept.
